Premier Evaporator Coil

The Premier Upgrade for Any System

ADP premier evaporator coils match perfectly with your system, providing an upgrade over standard matched coils. ADP coils are thoroughly tested to ensure quality and deliver reliable ratings, as well as designed to save customers time on installation while ensuring a leak-free system. ADP evaporator coils are the perfect solution for your application.

Built-In Plenum Flanges

Built-in plenum flanges with rounded corners allow for fast and safe installation

SKU Optimization

Painted cabinet option to provide flexibility for local markets

Leak Free Rubber Plugs

Suction and liquid lines do not require cutting for installation

Non-Captive Side Panels

Provides fast and easy coil access without the need to cut refrigerant lines

1% or Less Cabinet Air Leakage

Allows for quick and easy installation without taping seams

Improved Air Quality

Microbes can double every 20 minutes on an untreated surface!

Mold is part of our environment and there are no practical ways to completely eliminate mold spores.

The best defense against mold in a home is to prevent it from taking hold through moisture control and the use of mold resistant building materials.

Crawl Space Solutions

Dedicated horizontal with side refrigerant connections are perfect for crawl space application!

Low Height
Perfect for crawl space under houses

Side Refrigerant Connections
Easy to access coil
