Totaline® Thermostats

The new P710U performance series thermostats give you an affordable thermostat for homeowners that includes auto changeover functionality and an easy to read screen. Available in programmable and non-programmable models that each handle both HP and AC applications. And best of all, these thermostats are designed and assembled in the USA!

Model P710U-21PHP Programmable Thermostat Heat Pump and A/C

Features:

- Universal Application Up To 2 Heat/1 Cool HP
- Auto Changeover
- 5 + 2 Day Programmable
- 4 Square Inch Display
- Designed and Assembled in the USA
- 5 Year Warranty

Model P710U-21NHP Non-Programmable Thermostat Heat Pump and A/C

Features:

- Universal Application Up To 2 Heat/1 Cool HP
- Auto Changeover
- 4 Square Inch Display
- Designed and Assembled in the USA
- 5 Year Warranty

Additional Common Features:

- Front Load Battery
- Configurable Backlighting
- Heating/Cooling Indicator
- Keypad Lockout
- Compressor Protection
- Hardwire or Battery

Totaline® Thermostats

The P720 Premier Series Non-Programmable thermostats offer Universal application, Auto changeover, keypad lockout, and many other features while maintaining a competitive price.

Model P720-11NAC Non-Programmable Thermostat Single Stage A/C

Features:

- Single Stage (1H/1C)
- Auto Changeover
- Cool On/Heat On Indication
- Keypad Lockout
- Designed and Assembled in the USA
- 5 Year Warranty

Model P720-32NHP Non-Programmable Thermostat Heat Pump and A/C

Features:

- Universal Application (up to 3H/2C)
- Auto Changeover
- Cool On/Heat On Indication
- Keypad Lockout
- Designed and Assembled in the USA
- 5 Year Warranty

Additional Common Features:

- Configurable Backlighting
- Adjustable Temperature Limits
- Setting memory retention during power outage
- Optional Battery Operation
- English/Metric Units Selection
- Zoning Switch
- RC/RH Power Compatible
- Configurable Set Point Limits
- Compressor Time Guard
- Min Run Time

Totaline® Thermostats

The P720 Premier Series Programmable Thermostats are first class for the money. The slim and elegant look with Touch and Go programmability make these thermostats above the competition.

Model P720-11PAC Programmable Thermostat Single Stage A/C

Features:

- Single Stage (1H/1C)
- Auto Changeover
- **Touch and Go Programmability**
- 5-2 Day Programming
- 4 or 2 Periods Per Day Selectable
- 4.76 Square Inch Display
- Designed and Assembled in the USA
- 5 Year Warranty

Model P720-32PHP Programmable Thermostat Heat Pump and A/C

Features:

- Universal Application (up to 3H/2C)
- Auto Changeover
- **Touch and Go Programmability**
- 5-2 Day Programming
- 4 or 2 Periods Per Day Selectable
- 4.76 Square Inch Display
- Designed and Assembled in the USA
- 5 Year Warranty

Additional Common Features:

- Configurable Backlighting
- Adjustable Temperature Limits
- Smart Recovery
- Keypad Lockout
- Optional Battery Operation
- Setting memory retention during power outage
- English/Metric Units Selection
- Zoning Switch
- RC/RH Power Compatible
- Configurable Set Point Limits
- Compressor Time Guard
- Min Run Time
- Cool On/Heat On Indication

Totaline® Thermostats

The P730 Premier Series Non-Programmable thermostats offer a top tier thermostat at a mid tier price. A low profile, two wire install and Touch and Go programmability make this thermostat hard to beat.

Model P730-11NAC Non-Programmable Thermostat Single Stage A/C

Features:

- Single Stage (1H/1C)
- **Touch and Go Programmability**
- **2 Wire Install**
- Auto Changeover
- Low Profile Install
- Dual Fuel Compatible
- 5 Square Inch Display
- Designed and Assembled in the USA
- 5 Year Warranty

Model P730-32NHP Non-Programmable Thermostat Heat Pump and A/C

Features:

- Universal Application (Up To 3H/2C)
- **Touch and Go Programmability**
- **2 Wire Install**
- Auto Changeover
- Low Profile Install
- Dual Fuel Compatible
- 5 Square Inch Display
- Designed and Assembled in the USA
- 5 Year Warranty

Additional Common Features:

- Continuous and Configurable back lighting
- Adjustable Temperature Limits
- Keypad Lockout
- Setting memory retention during power outage
- Battery Free
- English/Metric Units Selection
- Filter/UV Light/Humidifier Pad Replacement Indicators
- RC/RH Power Compatible
- Configurable Set Point Limits
- Compressor Time Guard
- Min Run Time
- Cool On/Heat On Indication
- Outdoor Air Temperature Sensor Option
- Diagnostic Codes
- Dry Contacts

Totaline® Thermostats

The P730 Premier Series Programmable thermostats have it all. The low profile, two wire install coupled with programmable fan and an easy to read 9 sq. inch display make this hard to beat.

Model P730-11PAC Programmable Thermostat Single Stage A/C

Features:

- Single Stage (1H/1C)
- 9 Square Inch Display
- 7 Day Programmable
- **2 Wire Install**
- Auto Changeover
- Low Profile Install
- Programmable Fan Option
- Dual Fuel Compatible
- Designed and Assembled in the USA
- 5 Year Warranty

Model P730-32PHP Programmable Thermostat Heat Pump and A/C

Features:

- Universal Application (up to 3H/2C)
- 9 Square Inch Display
- 7 Day Programmable
- Programmable with PC
- **2 Wire Install**
- Auto Changeover
- Low Profile Install
- Programmable Fan Option
- Dual Fuel Compatible
- Designed and Assembled in the USA
- 5 Year Warranty

Additional Common Features:

- Continuous and Configurable Backlighting
- Adjustable Temperature Limits
- Keypad Lockout
- Setting memory retention during power outage
- Battery Free
- English/Metric Units Selection
- Filter/UV Light/Humidifier Pad Replacement Indicators
- RC/RH Power Compatible
- Configurable Set Point Limits
- Compressor Time Guard
- Min Run Time
- Cool On/Heat On Indication
- Outdoor Air Temperature Sensor Option
- 4 or 2 Periods Per Day Programmability
- Remote Room Sensor Option
- Vacation Mode Controls Temperature and Humidity
- Adjusts Automatically for Daylight Savings
- Diagnostic Codes
- Dry Contacts
