

LYRIC™ WI-FI WATER LEAK & FREEZE DETECTOR

Contractor Pack / 4-Pack

Honeywell

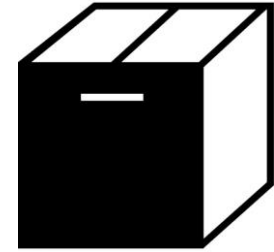

Background

- During VOC, we learned the average homeowner needs 3-4 units to effectively protect their home from potential leak/freeze issues
 - Most common locations:
 - Water Heater
 - Washer / Dryer
 - Bathroom
 - Kitchen
- A multi-pack offering will be a great “grab ‘n’ go” solution, and doesn’t limit contractor on a potential up-sell opportunity

Key Changes

1. Packaging

- Packaging will be brown kraft boxes. This helps to differentiate from the retail offering

2. Warranty

- After receiving feedback from our channel partners, we've decided to increase the trade warranty from 2 years to 5 years
- Effective on trade contractor pack and single pack
- Retail model will remain at 2 years

3. Pricing

- The packaging change helps us offer a more competitive price on the contractor pack

Packaging

Honeywell
Lyric™ Wi-Fi Water Leak and Freeze Detector

4 INDIVIDUAL PACKS ASSEMBLAGES INDIVIDUELS

PRO INSTALL ONLY
Five-year professional warranty will not apply if installed by homeowner. For details, see lyric/honeywell.com/warranty

INSTALLATION PROFESSIONNELLE UNIQUEMENT
La garantie de cinq ans ne s'appliquera pas si l'appareil est installé par le propriétaire. Pour plus de détails, voir lyric/honeywell.com/warranty

A whole-house solution for peace of mind from any water-related damage.
Place the individual units near areas of potential water leaks to cover up to four key areas of concern, including water heater, washer/dryer, kitchen, and bathrooms.
Install the water leak detector as is or mount it on the wall with provided mounting screws.
Extend coverage area with the included 4-foot cable sensor.
Package includes 4 individual packs, each containing a water leak detector, 3 AA alkaline batteries, mounting screws, and a 4-foot cable sensor.
Une solution pour toute la maison pour éliminer tout souci lié aux dégâts causés par l'eau.
Placez chaque appareil près des zones sensibles aux dégâts pouvant être causés par l'eau et couvrez au moins quatre zones sensibles, y compris le chauffe-eau, la laveuse/sécheuse, la cuisine et la salle de bain.
Installez le détecteur de fuite d'eau tel quel ou fixez-le au mur avec les vis de montage fournies.
Étendez la zone prise en charge avec le câble de détection de 4 pieds fourni.
L'emballage comprend 4 ensembles individuels, chacun contenant un détecteur de fuite d'eau, 3 piles alcalines AA, des vis de montage et un câble de détection de 4 pieds.
